

MULTI GRILL

The versatile contact grill

ROMMELSBACHER

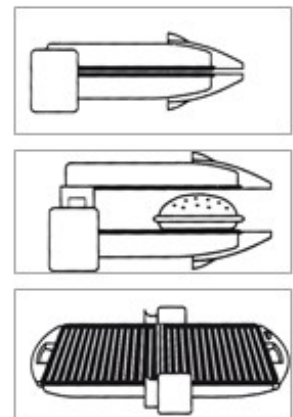

Whether in the kitchen or dining room, in the garden, on the balcony or terrace – this versatile contact grill is ready in a few minutes. The three different grill positions offer the right solution for every way of preparation:

- *Grilling in 'contact grill' position:* short cooking time due to direct and quick heat transfer. The food gets the popular grilling stripes.
- *Toasting in the 'gratinating' position:* for tasty, gratinated baguettes, toasts, vegetables and more.
- *Grilling pleasure on the 'large-sized' tabletop grill:* by opening, the grill surface is doubled, and the appliance can be used as tabletop and party grill in no time.

The non-stick coated grill plates have a drain-channel so that healthy, low-fat grilling is possible in all positions. In addition, the grill plates are dismountable for easy cleaning. An all-rounder which should not be missing in any household!

3 grill positions
